### Announcements

We are authorized to announce

Rex Hall and A. L. Tipton

as candidates for membership on the County Board of Education, subject to the will of the voters of Montgomery County, at the regular election on November 8, 1921.

### IF ONLY FOR THIS REASON

The Advocate would oppose the constitutional amendment making the office of Superintendent of Public Instruction appointive if for no other reason than this. Our women have just secured the right to vote. This measure has a large and interesting place in their hearts and we would have their co-operative leadership. They toil in and for the schools; they now have a right to speak and act decisively, and we would seek their advice and respect their opinions.

Thirty-three other states elect their superintendents and are satisfied. We hear the state of Indiana quoted as an example to follow and we would have our people to know that Indiana, a state proud of her educational standing, turned down recently just such a proposal as is presented to us by a very decided majority, and this would be an additional reason for rejecting the return to the appointive, a one man's ipse dixit.

We would be willing to trust our women on this perplexing problem single handed. Just give them a chance.

There are other reasons for killing this amendment and we would have our people to consider well.

### CANDIDATES BY THE WILL OF A PEOPLE WITH CONFIDENCE IN THEM

Elsewhere in this issue appear the announcements of Rex Hall and A. L. Tipton as candidates for positions on the County Board of Education. These gentlemen rank with our highest citizenship and are not seeking for public preferment nor are they candidates of their own volition. It is the public that is calling them to this position on account of the confidence the people have in them as good citizens, as men of business experience and who are in favor of not only the higher education, but men who will see that money-worth is secured for every dollar expended.

They are not candidates representing any political faith, though Mr. Hall is a Republican and Mr. Tipton a Democrat. They are willing to serve on the educational board because of urgent requests and pledge themselves to serve the people according to their best judgments. We present the names of these gentlemen believing they will receive from the voters that consideration that is due them.

### THE HOME TOWN

We live in this town because we believe in it. We believe in it because it is a good town, regardless of its few defects and its people are the peers of those to be found anywhere.

This town may not have the big wealth of some favored communities, but it has character, and character is a possession which cannot be purchased with gold.

If you believe in your home town you will like it, and if you like it no effort toward its improvement will be too great for you.

Again we ask you to have faith in your own powers; to also have faith in your own town.

When you feel like criticising it, check the thought before it is spoken. You can always find something good to say instead, and even then the half of the truth will never be told.

It is a good town now, but faith, loyalty and united action will make it a better one.

Our faith in this town, brother, is simply faith in you, because the town is a collection of yours.

Surely your faith is not less than ours.

Let us unite—let us act—for a more cohesive community.

It is your home—and ours.—The Scottish Chief.

### ORGANIZATION PROFITS JACKSON COMMUNITIES

After three years of development community organization in Jackson county has come to be an important factor in advancing the agricultural interests of the county, according to W. R. Reynolds, county agent. This was recently demonstrated, he reports, when five school fairs and several community meetings held in different sections of the county resulted in showing 4,500 Jackson county people what would be accomplished by co-operation and organized effort. One of the features of the fairs and meetings was the addresses made by prominent men, some of whom were from other counties.

### ROWAN COUNTY NEWS

By S. S. Cassity

Since my last communication there has been some roughness in Rowan county. Rev. John Porter, a prominent citizen and merchant, of Hogtown, was shot and seriously wounded a few night since by Marshall Adkins, a neighbor. "Neighbor" Adkins' wife had left his domicile and was living in a house owned by "Neighbor" Porter, whither he had gone the night of the shooting. Adkins surrendered himself to Judge Hogge the next day, waived examination and gave bond in the sum of \$1,000 to await the action of the next grand jury.

The moonshiners on Dry Creek fell out among themselves and had a lively shooting bee Friday night, resulting in the wounding of Lindsey Shelton and the horse he was riding. Both Shelton and the horse will survive. Sheriff Wells and his assistants, A. W. Fraley, App Perry, Otis Maxey and C. C. Carter, hurried to the scene and arrested Ed Baldridge and Ed Roberts, charged with the shooting, and landed them in jail. Incidentally they also arrested Ova Wells, who was carrying a gallon of moonshine down Dry Creek.

Mr. D. B. Leadbetter, the gentlemanly manager of the brick plant of the Kentucky Fire Brick Co., while fishing, lost his foothold and fell upon a stump, sustaining a painful injury to one of his legs.

The writer was pleased to see the smiling face of the premier of The Advocate on our streets Saturday. He is the same old genial Joe and is about as young in looks and actions as he was in the balmy, boozy days of yore, when we traveled the streets of Mt. Sterling, side by side, trying to scrape up enough money to pay the boys on Saturday night. Col. Hedden stepped into our humble home to meet the Madam, but it is doubtful if he would have done this if he hadn't known she was a Bap-

Senator S. M. Bradley and S. S. Cassity (that's me) were in Grayson yesterday abstracting some land titles. Senator Bradley is the largest individual land owner in Eastern Kentucky. He owns about 8,000 acres in Rowan county, 4,000 acres of which is under a woven wire fence, besides hundreds of acres in Carter, Morgan, Bath and Fleming counties.

Business seems to be looking up a little in Rowan county, although the Royal Society of Harding Whittlers are still on their job.
